

REMARKS

Claim 9 has been amended to clarify the invention for previously reciting "administering at." Claims 15 and 16 were amended to address an antecedent basis issue. It is believed that these amendments place the case in better condition for appeal by reducing issues. These amendments do not introduce new matter as well. Applicants respectfully request these amendments be entered.

CONCLUSION

Should the Examiner desire to discuss this further, she is invited to contact the undersigned attorney at 512-536-3081.

Respectfully submitted,
